

PLEASE do NOT water down the Indiana's Telephone Privacy law.
It is WONDERFUL to be able to eat an evening meal WITHOUT having an Obnoxious,
pushy telemarketer interrupting every 10 minutes.
Since being on the Indiana No Call list WE have virtually reduced those
bothersome calls from 5/evening to 0/evening. FANTASTIC!
Just wish that there were some way in which to rid our
e mail of the obnoxious SPAM adds that take space on the OUR computer!
